

2+1 Year Warranty – for all Mirka tools

The new 2+1 warranty, starting from the date of purchase, applies for all Mirka sanders and polishers. The new warranty terms are affected as of 01.01.2013, including Mirka tools purchased on or after 01.10.2012.

The prerequisite for this +1 year warranty extension is that the tool has to be registered on a Mirka website within 30 days from purchase.

Warranty certificates are machine and customer dependent; each tool must be registered separately. Registration and additional warranty cannot be transferred to another person or company. If a problem occurs with a Mirka tool caused by a manufacturing defect material or by workmanship; Mirka will repair your tool free of charge in accordance with the warranty terms.

Where to find the serial number needed for warranty registration on different tool models:

- RANDOM ORBITAL SANDERS (ROS)
- ORBITAL SANDERS (OS)

- PNEUMATIC RANDOM ORBITAL SANDERS (PROS)
