 Bluetooth

### Perfect sanding of tight spots

Minimise the need for hand sanding. This new 77 mm sander with its user-friendly, compact design reaches small areas your regular sander doesn't.

2.5 mm orbit

### Smooth surface finish

The 2.5 mm orbit offers a smooth sanding experience. Noticeably better results and easier polishing e.g. in post paint applications.

5 mm orbit

### Sand longer with less strain

Get comfortable. Ergonomic grip and low vibration levels, which you can follow in real-time with the myMirka app.

### Remove more stock

Strong, brushless motor with a 5 mm orbit removes paint up to 50 % faster than with a 3 mm orbit.

### Stay connected

It's all available at your fingertips. Get vibration, speed and usage data. Complete the warranty registration in a few clicks. Look up product manuals, read the latest news, and more. New features coming soon. Mirka's digital solutions are just a click away.

Available in App Store and Google Play.

## Digital and dust-free solution by Mirka

Download the **myMirka app** to try out advanced features. Combine with **Abranet** and **Mirka Dust Extractor** to breathe easy in a dust-free environment.
