

Mirka® RPS 300CV

– the fast way to a perfect finish

The Mirka RPS 300CV is both a rotary polisher and a sander - all in one tool. This light and ergonomic tool enables efficient dust-free sanding as well as polishing of small areas. The machine is equipped with a 77 mm backing pad with six holes.

The unique with the tool is the dust-extraction hood which enables dust-free sanding for better visibility and cleaner work environment. Another advantage is that the tool can be used for complete sanding and polishing processes, for example glass repair.

The tool can also be used for solid surface applications. Thanks to the small size the tool is excellent for sanding of round shapes, such as sinks.

Mirka unique 2-in-1 solution

● Enables dust-free sanding of small areas.

● The tool can also be used for polishing with different pads.

Technical Specifications	Mirka® RPS 300CV
Code	8992340111
Size	77 mm (3")
Speed	3,000 rpm
Air consumption	481 l/min
Working pressure	6.2 bar
Noise level, LpA	78 dBA
Vibration level	2.86 m/s ²
Power	209 W
Weight	0.63 kg
Size of pad	77 mm Grip ¼"
Dust system	Central vacuum ready
