

**MIRKA**

reddot design award  
best of the best 2018

# Mirka<sup>®</sup> LEROS

**180° flexibility. 100% comfort.**

**Brushless motor technology** - Enables compact design and eliminates the need to change carbon brushes. Helps to maintain a constant speed under load.

**180° flexibility in the sanding head** - Improves the ergonomics.

**5mm random orbit movement** - Creates a great surface finish and is much easier to operate compared to rotary sanders.

**Only 3.5 kg** - The lightest wall sander on the market is easier to use and improves ergonomics.

**Dual suction points** - Improves the dust extraction.

**Pure Innovation.**
