

# Mirka® Essentials

## Masking Tape & Film

### Premium masking products for superior results.

Count on Mirka Essentials for first-rate masking products that give you a streamlined process and exceptional results. As an extension to our tape product line, these products are *essential* to achieving that high-quality finish..

#### Premium Masking Film:

14-micron thick premium masking film with anti-ghosting properties. Electrostatic and treated to ensure fast, easy, and complete vehicle masking. Excellent paint overspray adhesion with no paint flaking.

#### Masking Tape 100° White Line and 120° Lime Line:

Easy-to-use impregnated paper-based masking tape for general and high-grade automotive applications. Natural rubber adhesive securing instant adhesion and clean removal. Suitable for both metallic and plastic surfaces. Withstands 100-120°C oven use for 30 minutes.

#### FEATURES AND BENEFITS:

- Specific to task – **no reworking needed**
- Innovative solutions – **target traditional problem areas**
- Premium design – **speedy process for curves and corners**
- Convenient packaging – **easy dispensing for smooth workflow**
