

Goldflex Soft

The soft and flexible Goldflex Soft is perfect for sanding profiled surfaces and irregular, difficult-to-reach details by hand. The foam base is grip-friendly and applies pressure evenly, which reduces the risk of sanding through the surface. The special stearate coating prevents clogging. Suitable for both dry and wet sanding.

FEATURES AND BENEFITS:

- A-weight, latex impregnated paper backing with PE foam is highly flexible and ideal for profile sanding
- Designed for hand sanding applications
- Durable, aluminum oxide grain delivers a long lasting, smooth cut
- Produces a high-quality finish
- Bulk roll is perforated to allow easy sheet dispensing from box
