

# Mirka® PROS NV

## Pneumatic Random Orbital Sander - Non-Vacuum

Mirka PROS-NV are constructed from high quality materials that deliver long term durability, ensuring you will enjoy the outstanding performance of your sander long into the future. Optimized ergonomics make it comfortable for long operating periods and allow for two handed use.

### FEATURES AND BENEFITS:

- Easy to reach speed regulator from both sides of the tool
- The handle cover locks the paddle switch in the off position when the cover is lifted up, for access to the air supply connection, or as a safety lock
- Unique shroud system with brake seal to prevent backing pad from free spinning

Part Number:	Diameter:	Orbit	RPM	Pad Face	Weight	HP	SCFM	Noise	VIB m/s 2
MRP-525NV	5"	2.5 mm	12,000	PSA	2 lbs	0.28	17	74 dB	2.4
MRP-550NV	5"	5 mm	12,000	PSA	2 lbs	0.28	17	74 dB	2.4
MRP-580NV	5"	8 mm	12,000	PSA	2 lbs	0.28	17	74 dB	3.8
MRP-650NV	6"	5 mm	12,000	PSA	2 lbs	0.28	17	75 dB	3.2
MRP-680NV	6"	8 mm	12,000	PSA	2.4 lbs	0.28	17	82 dB	3.5

### APPLICATIONS:

Automotive Refinishing • Wood Finishing • Marine Finishing • Composite
