Work instruction

1. Shake or stir polishing compound before use
2. Do not use too much compound at a time. Use a small amount which is consumed on a focused area - less messing and clean up!
3. Clean thoroughly before and after polishing
4. Work focused on an area of 40x40 cm at a time
5. Polish until a scratch free surface is achieved
6. Keep the pad clean, a dirty pad causes deep swirls and scratches
