

SAFETY DATA SHEET**1. Identification of the product and of the company/undertaking****Product identifier**

8294595311 Quick Lock Backing Pad 32mm PSA Hard

8294596311 Quick Lock Backing Pad 32mm PSA Soft

Details of the supplier:

Company: KWH Mirka Ltd

Address: Pensalavägen 210

FI-66850 Jeppo, Finland

Phone: +358 20 760 2111 Fax: +358 20 760 2290

E-mail: sales@mirka.com

Emergency telephone number:

+358 20 760 2111

Opening hours: Monday – Friday at 08:00 a.m. – 04:00 p.m. (UTC/GMT +2:00/+3:00)

2. Composition/Information on ingredientsPU material for the contact interface
PU foaming material for the soft interface
Thermoplastics ABS material for the pad**3. Hazards Identification**

Non Hazardous

4. First aid measuresSpecial Instructions : Not required
Eye Contact: Not required
Skin Contact: Not required
Ingestion: Not required**5. Fire fighting measures**Fire Fighting: General extinction method can be used.
Extinguishing Media: Any type of fire extinguishers may be used
Water sprays are especially effective.**6. Accidental release measures**Personal Precautions: Not required.
Environmental Precautions: Not required.

Methods for cleaning up: Standard cleaning procedures.

7. Handling and storage

Handling: Smoking prohibited
Storage: Do not store near inflammable materials
Store in clean, cool, dry place

8. Exposure control / Personal protection

Technical measures for exposure controls: Not required.
Personal Protection: Not required.
Eye Protection: Not required.
Skin Protection: Not required.
Respiratory Protection: Not.
Other Protection: No other protection is necessary

9. Physical and chemical properties

Appearance: solid
Flammable properties: Flammable
Boiling point: Not available.
Melting point: About 150°C~200°C
Vapour pressure: Not available.
Solubility(Water): Insoluble
Explosion hazard: Not available.

10. Stability and reactivity

Condition to avoid: Do not close to fire
Material to avoid: Avoid strong acid & strong alkalis
Hazardous decomposition product: Noxious fumes during thermal decomposition

11. Toxicological information

Acute toxicity: None
Sensitization: Not detected
Subacute, subchronic toxicity: Not detected
Other information on health effects: No toxic reaction known

12. Ecological information

Biodegradation: Majority can be decomposed in nature
Mobility: Immobile subject in nature
Other toxicity: Not toxic

13. Disposal consideration

In the same way as normal waste according to local legislation, recycling, landfilling or incineration..

14. Transportation information

Not classified as a Substance hazardous for transport.

15. Regulatory information

Regulatory Information will regard this substances in your country or in your region should be examined by your own responsibility.

16. Other information

None
