

# Gold Multifit

**The new Multifit - All the right hole patterns in one simple product**

Now, getting the right Mirka disc for dust-free sanding is easy. The new Multifit streamlines hole pattern selection from several choices down to just one. Purchasing is easier and inventory is straightforward. Plus, stocking a single product can free up storage space.

Increased productivity doesn't end there. Multifit abrasive discs don't require alignment with holes on the backing pad, making disc changes fast and easy.

More holes mean better dust extraction. For optimal performance hole alignment is recommended.

**FEATURES AND BENEFITS:**

- One hole pattern fits all tools
- Fast disc replacement – no need to align
- More holes for better dust extraction

**TECHNICAL SPECIFICATIONS**

<b>Grain</b>	Aluminum oxide
<b>Color</b>	Gold
<b>Backing</b>	P80 - P150 D-weight latex paper, P180 - P800 C-weight latex paper
<b>Bonding</b>	Resin over resin, Progressive Bond®
<b>Coating</b>	Semi-open
<b>Attachment</b>	Grip
